

Current List 486 Monday 22nd April 2024

Ger Dijkstra took this photo of the steam special on Sunday 21st April in the bulb fields. The fields are quite a spectacular sight but there is a window of opportunity and it does not happen at the same time every year. 23 023 is leading on the first trip after which the weather was not as kind. Posted to Rail Magazine Foto on Facebook.

Strike	Internal NMBS/SNCB 28xx number removed
Gray	Passenger Locomotives For Amsterdam Centraal - Brussel Zuid Service
Tan	No longer on a NMBS/SNCB lease.
P	Worked on a passenger train available to the public
C	Worked a Charter Train
YW	Years out of Works [decimal years]

From the Timetable Change in December 2024, NS will operate an Amsterdam Centraal - Brussel Zuid service with the ICNG-B units and NMBS/SNCB will operate a Brussel Zuid to Rotterdam Centraal service with Top & Tail TRAXX. In order for NMBS/SNCB to do this, they need sixteen locomotives and are planning to lease 186 119 to 186 122 for a period of time in addition to the twelve locomotives they already have. NMBS/SNCB have some TRAXX 3 on order and these HLE 17 locomotives will, in time, take over the Brussels - Rotterdam trains and the TRAXX will be returned to Alpha Trains.

Note:- Originally all the Type 28s and 29s were leased from Alpha Trains by NMBS/SNCB. The locomotives were then sub-leased by B-Transport and the semi independent B-Logistics.

All the series 2814 to 2843 have ceased to be leased by NMBS/SNCB and have been returned to Alpha Trains.

Railpool has a deal to supply TRAXX locomotives to Lineas which have replaced the Alpha Trains TRAXX locomotives. However, in some cases, the ex-28xx series locomotives have continued to run with Lineas on a direct Alpha Trains - Lineas short term rent or lease.

A new direct Alpha Trains - Lineas lease is what has happened to 186 346, 347, 348, 349 and 350.

M7

The original order placed in December 2015 was for 445 vehicles which comprised of M7B x 145, M7AB x 145, M7BDx x 55, M7Bx x 10 & M7BMx x 90.

In December 2020 a further 204 cars were ordered and these were to be of a slightly modified design. The idea is that mobility impaired people can access the train without assistance from 760mm platforms as a ramp comes out automatically. This December 2020 order was for 134 x M7BD multifunctional and 70 x M7Bx multifunctional.

In December 2021 there was a further order for 98 additional M7 vehicles. This order is for 12 x M7B, 80 x M7AB and 22 x M7BMx. Also in December 2021 there was a reduction of 7 x M7BD Multifunctional and 9 x M7Bx vehicles.

You will find that sometimes these coaches are referred to a BUH or BDUH, for example. These letters are not really needed as all the M7s are "U" which means they are able to pass the MUX signals and "H" which means they can operate at 200 km/h.

	In Service and recorded working on HalteLink Tracker
	In Service and no recorded working on HalteLink Tracker
	Vehicle in THR pool [Test, Homologation and Long Term Repair]
	Preproduction Vehicles to be Retrofitted before entering service
